THE LEGISLATIVE ASSEMBLY.

Twenty-Fifth Day.

Monday, July 7.

The House met at 10:05 a. m. Prayer
by the Chaplain. Minutes read and
approved.

Noble Marsden presented a petition
from Z. K. Meyers, showing that he was
duly appointed book-keeper at the
Water works' office, and that payment
of his salary for three months in 1887
was withheld. He petitions for payment
of same with interest. Referred to Fi-
nance committee.

Noble Walbridge presents petition
from Hana with 260 signatures, praying
that both Terms be held at Wailuku.
Laid on the table to be considered with
the bill on the subject.

Rep. Kalua presented petition that
\$3,000 be inserted in appropriation bill
to continue road from Lahaina to Wai-
luku. Referred to Public Lands com-
mittee.

Rep. Cummings presented petition
from Fifth District, Honolulu, for \$5,000
for road from Nuiapali to Liliha street;
referred to Public Lands committee.
For \$5,000 for road from Smith's bridge
to Liliha street; referred to Public Lands
committee. For \$7,000 for road from
Liliha to Wylie street; referred to Public
Lands committee.

Rep. White presented petition from
Lahaina that Road Boards be abolished;
laid on the table to be considered with
the bill. From Lahaina, that officers be ap-
pointed to look after truant school boys;
referred to Education committee. That
the portion of labor for the forbidden, and
native Hawaiians be forbidden to work
labor contracts. Laid on table to be
considered with any bill which may be
brought in.

Rep. Kamai presented petition from
Hana that native Hawaiians be allowed
to practice medicine without restrictions,
and that the relatives of lepers be allowed
to visit them at the settlement. Re-
ferred to Sanitary committee.

Noble Burchard reports for committee
on accounts as to the Board of Health
of printing of various reports. As the
question has arisen whether this is quite
regular, committee wish instruction from
the House.

Noble Macfarlane—As one of the com-
mittee would state that I think expenses
for printing these reports ought to be paid
for out of the incidentals of the depart-
ments and not from Legislation ex-
penses. The Board of Education control
all their own expenses and make no re-
port to Treasurer, and in that case it
seems particularly out of order.

President Brown—The Ministers used
to hand their reports in by manuscript
which is all they are required to do, and
the House ordered them printed. Now
to save time they order them printed
beforehand. The incidentals of the de-
partments are not calculated with refer-
ence to this expense. It all comes out
of the Government treasury.

Noble Baldwin—The committee on
accounts be instructed to pay for
printing of reports.

President Walker—This would more
properly come under a resolution.

Noble Baldwin—This comes under
the head of reports to the Legislature
and ought to be paid for as all other re-
ports are.

Rep. Kalua—The authorization to com-
mittee ought to be by resolution. What
I object to is that the Board of Health
have printed 1,000 copies and have only
sent us 100, and yet expect us to pay for
the whole thousand.

President Walker—There is nothing
before the House. There is no motion,
because Noble Baldwin is out of order.
Rep. Kalua, for the Select Committee
on pay of two deputy clerks of Supreme
Court, would recommend that items be
passed \$4,000 deputy clerk, \$3,600 second
deputy clerk. Laid on table to be con-
sidered with appropriation bill.

Noble Macfarlane reports for Special
Committee, in favor of inserting \$1,500
in appropriation bill for the Kapiolani
Maternity Home. Laid on table to be
considered with appropriation bill.

Rep. Brown—As a member of Opium
Committee I would state that the chair-
man has notified us of a meeting to-day.
I am ready to report and so are some
others of the committee. Chairman
wishes to let us examine to-day the opium
more witness. We have taken a great
deal of time, but we have taken over a
thousand pages of testimony so that we
have not been idle.

Rep. Rickard—Whereas, as some mem-
bers of the House have received no copy
of the Appropriation Bill and supply is
exhausted, resolved that more be printed.
Noble Marsden moved adoption of re-
solution.

Noble Macfarlane says the expense is
unnecessary as the Appropriation Bill
appears in Minister of Finance's report.
The motion was lost.

Noble Baldwin resolved that Commit-
tee on Accounts be instructed to pay for
printing of reports.

Rep. Brown moves adoption of resolu-
tion. I hear that some of the printing
bills contain extra charges for editing and
proof reading. These items should be
included in the general charge and can-
not be paid extra for.

Noble Widemann—Money will come
out of the treasury eventually—there is
no doubt of that. Still, the expense be-
ing incurred by the Ministers ought to be
paid out of their departmental expenses.
It is not businesslike to have A. B. and C
incure a bill and E. F. and G. pay it. I
move the resolution be laid on table until
the Finance Committee can look into
the matter and see what the custom has
been.

Noble Baldwin—I am sure the ac-
counts have been paid by the House and
the Minister of Finance so states. If we
are to change the plan, the result will be
that reports will come in in manuscript.
If the Minister of the Interior's report
had been brought in in manuscript, we
would not have had it to day. To expedite
business the present plan has been
adopted. As to the charge for proof
reading, I hear the committee have
sometimes employed a separate proof
reader. I do not believe in that myself,
but of course the printers ought not to
pay for it.

Noble Widemann—I don't wish to
have these reports come in late. I merely
wish the persons who make contracts
for the printing to pay the bills out of a
departmental appropriation. Proof read-
ing is only charged extra when there is
reading which the ordinary proof reader
cannot read.

Rep. Brown—I think the Legislature
should pay for the printing. The depart-
ment can always advertise for tenders
and get the work done cheaper in that
way, but if brought in in manuscript the
printing will be costly as well as late.

Noble Burchard—As for the 1,000
copies of the Board of Health report, the
rate is the same as for 200 copies—\$2 per
page.

Noble Macfarlane—I would amend the

resolution by adding "translation" to
printing.

Resolution as amended was carried.

Rep. Kalukano reads an Act to
Create a Bureau of Foreign Instruction
for Hawaiian Youth.

Rep. Marquis reads by title, under
suspension of rules, an Act to Organize
and Regulate the Civil Service of the
Hawaiian Kingdom; and to Provide
for Sale of Light Wines and Beers.

Noble Walbridge presented the follow-
ing resolution: Resolved, that the Min-
ister of the Interior be instructed to con-
sider additional lands next to hospital at
Wailuku for purposes of enlargement,
and that \$3,000 be appropriated for that
purpose.

Rep. Kalua moves to lay on table to be
considered with Appropriation Bill.
Carried.

Rep. Baker gives notice of an Act to
Authorize Sugar Planters to Import Labor
and to Repeal Chapter 8 of Session
Laws of 1887.

Rep. Kapahaele—Resolved, that a
committee of thirteen be appointed to
visit the leper settlement and examine
into its condition, and that Dr. Lutz be
requested to accompany the committee,
and that any other physician and any
other members of the Legislature so de-
siring may be permitted to accompany the
committee, and that the expenses be
defrayed by this assembly.

Noble Pua was in favor of resolution,
but that committee ought to be recom-
mended of doctor to be able to release any
lepers.

The resolution was adopted.

Rep. Kahoo'ano gives notice of a new
election law; and bill requiring Minister
of Interior to call for tenders for all roads.
Rep. Apiki moved that \$1,500 be in-
serted in the Appropriation bill for a
new Court-house in Kaiti. Laid on the
table to be considered with the Approp-
riation bill.

At 11:50 the House took a recess until
1:30.

Afternoon Session.

The House re-assembled at 1:30 and
proceeded to the consideration of the
Appropriation bill in Committee of the
Whole. Rep. Rice in the Chair.
